## EC Directive 89/686/EEC

### EC Type-examination

Issue 3.

PPE Product  
DuPont™ Tyvek® "Classic" model CHF5, white hooded coverall, with sewn seams and elasticated at the hood, cuffs, ankles & waist, which is available in six nominal sizes.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements of the relevant harmonized standards:  
EN 1073-2:2002 (Non-ventilated protective clothing against particulate radioactive contamination) for a performance classification of TIL Class 1;  
EN ISO 13982-1:2004 (Type 5: Limited life, full body protection against airborne solid particulates);  
EN 13034:2005 (Type 6: Limited life, full body chemical protective clothing offering limited protection against liquid chemicals).  
In addition the fabric met the requirements given in EN 1149-5:2008 for electrostatic dissipative protective clothing on both surfaces.

The manufacturer's information notice (October 2010/21 Tyvek® Classic & Classic Colour), in English, has been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file reference:  
Tyvek® Classic & Classic Colour, with supplements to October 2010
